

CORPORATE GOVERNANCE REPORT FOR THE YEAR 2011-12

(As required under Clause 49 of the Listing Agreement with the Stock Exchange)

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Walchand's philosophy is to adhere to the values of good governance on a consistent basis aimed at creation of long term sustainable value for all its stakeholders, be it internal or external, while meeting its relevant obligations.

Corporate Governance is the application of best management practices, compliance of laws and adherence to ethical standards to achieve the Company's objective of enhancing stakeholder value and discharge of social responsibility. The Corporate Governance framework includes corporate structures, culture, policies and the manner in which the corporate entity deals with various stakeholders, with transparency being the key word. Accordingly, timely, adequate and accurate disclosure of information on the performance and ownership forms the cornerstone of Corporate Governance.

Corporate Governance is a journey for constantly improving sustainable value creation and is an upward moving target.

Our Corporate Governance philosophy is based on the following principles;

1. Management must have the executive freedom to drive the enterprise forward without undue restraints and Management is the trustee of the shareholders capital and not the owner. This freedom of management should be exercised within a framework of effective accountability.
2. Provide an enabling environment to harmonise the goals of maximizing stakeholder value and maintaining a customer centric focus.
3. Have a simple and transparent corporate structure driven solely by business needs.
4. Communicate externally, in a truthful manner, about how the Company is running internally.
5. Make clear distinction between personal conveniences and corporate resources.
6. Be transparent and maintain a high degree of disclosure levels in all facets of its operations.
7. Satisfy the spirit of the law and not just the letter of the law.

The Company's philosophy on Corporate Governance is thus concerned with the ethics, values and morals of the Company and its Directors, who are expected to act in the best interests of the Company and remain accountable to shareholders and other beneficiaries for their action.

Your Board of Directors presents the Corporate Governance Report for the year 2011-12.
